6. Connection Introduction

6.1 USB Connection
USB connection

1. We suggest you to use the original USB data cable to connect the speakerphone when connecting computer or other audio and video terminals;
2. Turn on automatically after connection;

6.2 Bluetooth Connection

Bluetooth connection

Bluetooth Adaptor
1. When the device is under normally working condition, press" �֍ "to turn on Bluetooth for pairing. Then the Bluetooth status indicator will flash;
2. Put the mobile device in the Bluetooth device search mode, and select the model of the device. After Bluetooth connection is succeeded, the Bluetooth status indicator will be ON.
3. Plug the Bluetooth Adaptor in your computer or other devices to enter pairing mode. The Bluetooth adapter will search for the Bluetooth automatically, and establish Bluetooth connection between the speakerphone and the adapter. After a sussessful connection, the Bluetooth indicator is always on.

6.3 Headset Connection
